Ms. Grubaugh-Littig,

Re: BTCA Area "E" Silt Fence, Bear Canyon Mine, ACT/015/025, Emery County, Utah

Enclosed is a proposal to relocate the silt fence currently North of the mine portal pad to treat all of the area within BTCA area "E". The proposal will eliminate vegetation as the primary treatment and will also reduce erosion within the area resulting from the runoff being treated immediately prior to flowing across the steep slope below the pad. Co-Op Mining Company would like to implement the change in time for the Spring runoff period.

If you have any questions, please call Charles Reynolds at (801) 687-2450.

Thank You,

Wendell Owen
